

# THE GLOBE-REPUBLICAN

The FORD CO. GLOBE, Established 1871.  
The FORD CO. REPUBLICAN " 1896. Consolidated 1896.

DODGE CITY, KANSAS, THURSDAY, APRIL 19, 1906.

THIRTIETH YEAR, VOL. XXIX, NO. 28

## A GOOD INVENTION

Winfred Jacobs has Patent on Invention That is a Winner.

Winfred Jacobs, one of our enterprising young real estate men, has recently secured a patent on an appliance for use on a header. The patent proper, is on a device for breaking the transmission of power to the platform and elevator carriages, while allowing the skids to run, the intention being to stop the movement of the cut grain from the elevator, at any time when the barge is not under the elevator.

The device is in the form of a clutch which acts on, and through the lower elevator roller, and is operated by a small lever placed on the platform tilting lever, within convenient reach of the driver.

Everyone who has ever run a header—and that means a large percent of all the men in this part of the state—is aware of the loss occasioned in changing barges, making turns, etc. While the value of the grain lost at any one time would not be much, an aggregate of the waste in a day's run, amounts to quite a great deal, and as the primary purpose of the invention is to prevent these losses, it will readily be seen that the device will be of incalculable value to every user of a header.

Aside from the value of the appliance in saving grain, as mentioned above, it admits of the use of the header in cutting small patches and in corners, without the use of a barge, the grain being allowed to remain on the platform canvas, and run into the barge later, thus saving time as well as grain. When the fact that time is worth from \$2.50 to \$3 per hour during harvest, is taken into consideration, it will be seen that the saving in time is not to be slighted. Many other practical applications of the invention will suggest themselves to every farmer who heads his grain, and at the price of \$20, at which it will be sold, it will soon pay for itself.

The appliance will be made to attach to any of the standard makes of headers. Mr. Jacobs has a working model of his invention fitted on a header at Elliott's blacksmith shop, and will be glad to demonstrate its working to any who desire to see it.

Mr. Jacobs has not definitely decided as yet just how his invention will be placed upon the market, and it is probable that only a few will be put out this year. However, as far as can be seen, he has something which will not only be invaluable to the farmers, but also net him a good sum, whether in royalties received from the large harvesting machine companies, or profits derived from the manufacture and sale of the invention, by himself.

## Rates Grand Chapter.

The rate to this meeting will be one fare plus fifty cents from points in Kansas to Wichita and return. Excursion ticket will be sold May 7 to 10 inclusive, limited to return May 12. This rate is open to all. For further information call at the Santa Fe ticket office or Fred Gardner, Agent.

## Is The Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequalled as a general Tonic and Appetizer for weak person, and especially for the aged. It induces sound sleep. Fully guaranteed by Rath & Bainbridge, Druggist. Price only 50c

## Notice

To stockholders of Farmers' Elevator Company. There will be an important meeting of this company at which all stockholders should be present. Held at the Phoenix club room, Saturday, April 21, 1906. F. H. PRATHER, Sec.

## CONVENTION SATURDAY.

Ford County's Prospects of Getting State Officer, Are Good

The Republican county convention to elect delegates to the state convention will be held here on Saturday afternoon. The convention is of particular interest to Ford county people on account of Mr. Fitzgerald's candidacy for Lieutenant Governor. Ford county has never had a state officer and everyone here is much interested in Mr. Fitzgerald's race. The prospects for his nomination are very good and the delegates from this county will leave for Topeka confident of success.

There is not a county in Kansas that can furnish a more able man for Lieutenant Governor than Ford county is offering. The convention Saturday, while its only purpose is to elect delegates to the state convention, will be one of much interest and importance to the people of Ford county.

## BUY BUSINESS BLOCKS

Russell & Crane Invest in two Brick Buildings.

The Odd Fellow building, the lower part of which is occupied by Jones & Hanna's Grocery was purchased today by Russell & Crane. At the same time they also bought the building occupied by the Waring Shoe Store further west in the same block. The Odd Fellow block is adjoining another lot owned by Russell & Crane and will be of advantage to them in case they build a large building on the lot now occupied by their office.

## DEMOCRATIC CONVENTION

For Seventh District Will be Held in Dodge City, May 9.

The Democrats of the Seventh district will hold their Congressional convention in Dodge City on Wednesday, May 9th. The representation allows 132 delegates in the convention but it is not likely that there will be half that many present.

So far as learned there are no candidates for the Congressional nomination. Some have talked of Ed Finnup of Garden City but it is believed here that he will not desire the honor.

The local Democrats do not seem to know of anyone who is seeking or who would accept the nomination, but it is possible that there may be candidates discovered later.

## Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Rath & Bainbridge, Druggist. 50c and \$1.00. Trial bottle free.

## PURE FOOD

See that your Flavoring Extracts are pure. Know from what they are made. Is the Vanilla you use made from Vanilla Bean, Tonka, Vanillin or Orris Root? Much of the cheap Vanilla is made from these last two. Our Vanilla Extract made from the Vanilla Bean is pure and wholesome, is stronger and of better flavor. Costs no more than poor Vanilla. It is cheapest in the long run. The best is cheapest.

10c per oz bottle

## SAN FRANCISCO

PRACTICALLY EFFACED FROM MAP BY EARTHQUAKE AND FIRE.

EIGHT OTHER TOWNS IN RUINS.

People of the Great City Who Survived the Horror are Left Homeless.

The great earthquake at San Francisco Wednesday morning will stand as one of the worst horrors of the age. A large portion of the stone and brick buildings of the town were wrecked and a multitude of people killed. Surrounding towns, also, were partially demolished. After the wreck from the earthquake fires sprang up all over the business portion of San Francisco. Water pipes had been torn up by the earthquake and firemen were helpless. San Francisco a great city of 350,000 is practically effaced from the map and 200,000 people or more are left homeless.

Besides San Francisco, Santa Rosa, Palo Alto, Salinas, Healdsburg, Ukiah, Cloverdale, Brawley and Hapland are badly wrecked.

The loss of life will exceed many times that of the Chicago fire in 1871. No estimate of the financial loss can be made as yet.

## WILL VISIT DODGE

St. Joseph Commercial Club to be in Western Kansas.

The St. Joseph Commercial Club Special Trade Extension trip will make their first excursion for the year 1906 over the A. T. & S. F. Railway during the week of April 23rd to 28th inclusive.

All the business houses of St. Joseph will be represented on this train. The train will arrive at Dodge City Wednesday, April 25th at 12:15, and return at 12:40 p. m. It is requested that all the business men and citizens of the town that are interested, come to the depot on their arrival and entertain them during their short stay. They will be very much pleased to see you all and it may be beneficial to all to meet them.

## Lots For Sale.

A few choice lots in Boyds addition to Dodge City. Address, E. D. COMSTOCK, Branchport, N. Y.

## MEETING OF PRESBYTERY

Large Number of Ministers in Session Here This Week

The Presbytery of Larned, of the Presbyterian church, which covers the present Seventh congressional district and embraces about sixty churches and forty ministers, met this week at Dodge City.

The first public meeting held was on Tuesday evening, at which the opening sermon, an excellent discourse, was preached by Rev. D. O. Hughes of Burrton, and the Presbytery was organized with Rev. H. P. Cooter of Harper as Moderator. A very fine solo was sung at this service by Mrs. Hubbard, Mrs. Dr. Hellwarth presiding at the piano. Between 35 and 40 delegates were present from abroad.

Tuesday sessions were devoted to routine business, except between the hours of 4 and 5, which was devoted to the matter of evangelistic work. Nearly all the ministers present spoke on the subject, dealing mainly with the question of the vitality of special evangelistic effort. The speakers were about equally divided pro and con as to the value of the work of professional evangelists. The evening service was a popular meeting addressed by Rev. Roy C. Fleming of Kingman on the American Bible Society, and Rev. J. C. Gourley of Sterling on Foreign Missions. Both addresses were well received. The choir rendered the splendid anthem given at the Presbyterian church service last Sunday morning, which called forth many fine compliments from visitors from abroad, as well as from home auditors. This meeting concluded the sessions of the Presbytery, the next regular meeting being set for the first week in October at Lyons.

## Plymouth Rock Eggs.

Pure Banded Plymouth Rock Eggs for sale. 50 cents per setting.—Mrs. J. D. ALLISON, Section 32, 3 miles northwest of Howell. Leave orders at Stubb's Grocery. 4t

## LOCAL NEWS NOTES.

Mr. Otto J. Jacobs, cashier at the Harvey house here, and Miss Reba Miller who has also been in the employ of the Harvey house system, were married on last Thursday evening by the Reverend Doctor Thompson. After completing a wedding trip Mr. Jacobs will be given a position as manager of one of the Harvey system hotels.

C. W. Squires, the architect who furnished plans for the Carnegie library building here, was in Dodge City yesterday on business. Mr. Squires believes that there will be a large amount of building in Dodge City during the coming year, and he is keeping in touch with the town.

The meeting of the Standard Bearers Wednesday evening was held at the home of Mrs. Harbat and had a large attendance. After the business session a musical program was given. The study of East Africa was taken up and was made very interesting. After the program closed excellent refreshments were served by the hostess.

Members of the Faulkner family have been trying to get some word from Mr. Faulkner who with W. F. Pettillon has been in San Francisco. They were located in the district which was damaged by the shock of the earthquake. So far no word has been received from them.

The Leland Stanford University where Karl Miller is studying is reported badly wrecked by the great earthquake. So far no word has been received from Karl but there is no fear of his having been injured. His room was in one of the frame buildings which was uninjured and the shock came in the early morning before time for arising.

The members of the Athenium club met at the home of Mrs. John Rush, Friday afternoon April 13th. A number of the ladies gave a play entitled "Young Ladies' Club," the change in the program was enjoyable. A great many of the former members were guests of the club, also Mesdames Seates, Van Horn and Pixley. At the close of the program dainty refreshments were served, and a social hour was spent.

E. N. Stocum has not completed arrangements yet for organizing a military band in Dodge City, on account of being called away from town on business. It is getting late in the season and something ought to be done at once about the band matter. If Mr. Stocum fails to take it up at once, the Globe Republican will be compelled to appoint some other promoter.

The State Sunday School convention will be held in Lawrence on May 1, to 3. The program will be very fine. A circular letter has been sent out to members of the Ford county association by Mr. Kencock urging as many as can, to attend the State convention. He desires all who wish to go to write him at once.
